

Mission Statement

I will show you my faith by my works. James 2

These words encapsulate what is special about Sunningwell C of E Primary. Not every member of our community is Christian *but* each shows their commitment to the life of the school through actions and deeds. Each strives to enable children to become resilient, happy, well educated, life-long learners who seek to continue to develop and deepen their spiritual and moral selves as well as being active members of communities both local and worldwide.

The children, supported by the wider school community, chose the Christian values of Friendship, Forgiveness, Trust and Perseverance. By drawing on these values, when engaging with others and in all they do we trust that the children in our care will forge a truly commendable path through life.
