Primary PE and Sport Premium Funding

Sunningwell CE Primary School

In April 2013, the Government announced that it will be providing additional funding of £150 million per annum to improve provision of physical education (PE) and sport in primary schools. This funding is provided jointly by the Departments for Education, Health and Culture, Media and Sport and will be allocated directly to primary school head teachers to spend on improving the quality of sport and PE for all their children.

Every state-maintained school, academy, middle school, special school and pupil referral unit with primary aged pupils will receive £16,000 plus a 'top up' of £10 per pupil.

Purpose of funding

The sport premium funding has been ring-fenced and can only be spent on sport, PE and Healthy Lifestyles provision in schools, although schools have the freedom to choose how best to do this. Schools are held accountable for how they spend their funding and are required to publish on-line information about how they have used the additional funding. OFSTED will play a significant role in ensuring that schools target this funding in areas, which will lead to clear outcomes in raising standards and opportunities in PE, and school sport for all children throughout the Primary Phase.

How we will be spending the PE and Sport Premium Funding in 2025 - 2026 (main areas):

We will subscribe to Jigsaw to support children's understanding of healthy lifestyles and Abingdon Partnership of school to gain access to a range of sporting opportunities, training and resources to support the development of Sport and PE in school ensuring that staff skills in PE and sports and the teaching of well-being remains strong

- Continuing to seek and offer a wide range of sporting opportunities that enable every child to participate in physical activity
- Continue to maintain and update the outdoor equipment that children have access to at playtime to provide at least 30 minutes of active play each day
- Increase the variety of sporting after school clubs and use experts within the community, where possible
- Continue links with schools in the locality for inter-school competitive sporting events
- Subsidise transport costs to and from sporting events, including swimming sessions, ensuring that children are exposed to and participate in competitive events
- Continue to replace old equipment with new high-quality kit ensuring that children have the best sporting facilities we can offer
- CPD for staff to access to ensure that knowledge and skills are high
- To inspire children to lead fit and active lives using known role models

Evaluating the impact:

The Head teacher and PE Subject Leader will evaluate how well the funding has been used to support the development of the quality and breadth of PE and sporting provision, including increasing participation in sport to enable all children to develop healthy lifestyles. This will be shared with governors on an annual basis through the report below.

Funding for academic year 2025 to 2026			**£16780**
Objective	**Action**	**Cost**	**Intended Impact** Spending (enter zero 0 if no funding spent)

Total £18,450

PE and Sport Premium Impact Statement

Our commitment to providing high-quality physical education and sporting opportunities continues to have a significant impact on all pupils across the school. We are proud to offer an extensive and inclusive PE curriculum, ensuring that every child

has the opportunity to participate, develop new skills and experience success, regardless of their starting point or ability.

Throughout the year, pupils have accessed a wide range of sporting opportunities including football, cricket, tennis, Quad Kids athletics, athletics, netball, gymnastics, dance and swimming. These activities enable children to develop physical competence, teamwork, resilience and a lifelong enjoyment of being active.

The school provides a wealth of both intra-school and inter-school competitive opportunities, allowing pupils to represent the school in a variety of sports and experience competition in a supportive and aspirational environment. This year's sporting achievements include:

- Runners-up in the South-east Regional NFL Finals.
- Second place in the Partnership Quad Kids competition, qualifying for the Vale Finals.
- Our girls' cricket team qualified for the County Finals.

These achievements reflect the dedication of our pupils, staff and coaches, while demonstrating the strength and breadth of our PE and sport provision.

We are exceptionally proud to have maintained the Platinum School Games Mark for the eighth consecutive year. This prestigious award recognises our long-standing commitment to delivering outstanding physical education, promoting healthy lifestyles and providing high-quality competitive opportunities for all pupils.

Inclusion and equality are at the heart of our sporting provision. Every child has equal access to PE lessons, extracurricular clubs, festivals and competitions, regardless of ability, background or need. We are equally committed to ensuring that girls have the same opportunities as boys to participate, compete and excel across all sports. By actively promoting female participation and leadership in sport, we continue to foster confidence, aspiration and positive role models, ensuring every pupil feels valued and empowered to achieve their potential.

The continued investment of the PE and Sport Premium has strengthened teaching, broadened sporting opportunities and enabled all pupils to develop the skills, confidence and enthusiasm needed to lead healthy, active lives, while creating a culture where sport is celebrated and enjoyed by everyone.

How Sports and PE improvement will be sustained

- Staff that have been trained though up-skilling and CPD, will continue to support and develop PE and Sport at Sunningwell.
- We encourage active learning breaks to ensure that all children achieve daily activity.
- We have built links with sports providers and teams both local and national and work with partnership schools to facilitate inter-schools' competitions.
- The profile of PE and Sport has been raised and is embedded in our ethos. Children expect to be invited to participate in intra-school activities including Wimbledon Tennis Competition and Sports Day
- Children and the community have high expectations of PE and Sport in terms of the offer and children's involvement. Because children are eager to participate, improve and succeed there is impetus from them to continue to develop this curriculum area.

- Teachers at Sunningwell are willing and wanting to continue to support Sports and PE as they know that it impacts children's physical wellbeing, their mental health, their self-esteem, their self-efficacy, their collaboration skills and their ability to achieve beyond PE and Sport.
- Children enjoy and show great pride in being part of Team Sunningwell which is embedded in the school's culture.
